

DELTA BACKPACK

Engineered for the toughest environments, the Delta Backpack is a mission-critical tool for professionals on the frontlines. Built with durability, comfort, and efficiency in mind, this backpack provides the perfect balance of gear storage, hydration support, and ergonomic design for extended operations in remote conditions. Whether you're building firelines, patrolling, or conducting mop-up operations, this backpack delivers performance you can count on when every second matters. Water capacity 6 gal/23L.
